Flexible Payments from Pensions

1 Introduction

Since April 2015, individuals aged 55 and over can access their defined contribution pension savings as they wish, subject to their marginal rate of income tax.

This publication includes the number of flexible payments made from pensions, the number of individuals who have received a flexible payment and the total value of all flexible payments reported to HMRC.

Flexible Payments from Pensions

2 Quarterly statistics

Year and quarter	Number of payments (1)	Number of individuals (1)	Total value of payments (2)
2015 Q2	121,000	84,000	£1,560 m
2015 Q3	130,000	81,000	£1,170 m
2015 Q4	123,000	67,000	£800 m
2016 Q1	142,000	74,000	£820 m
2016 Q2	296,000	159,000	£1,770 m
2016 Q3	324,000	158,000	£1,540 m
2016 Q4	393,000	162,000	£1,560 m
2017 Q1	381,000	176,000	£1,590 m
Total: 2015 Q2 - 2016 Q1 (3,4)	516,000	232,000	£4,350 m
Total: 2016 Q2 - 2017 Q1 (3,4)	1,393,000	393,000	£6,450 m

Notes to the table

i) The numbers published for 2015-16 are not comprehensive as to manage the burden on industry reporting was optional for 2015-16 but compulsory from April 2016. The increase in reported payments seen in 2016 Q2 is expected to partly result from this.

ii) The data underpinning these figures comes from Real Time Information (RTI) reports submitted to HMRC.

Footnotes

1. Figures are rounded to the nearest 1,000.

2. Figures are rounded to the nearest £10 million.

3. The number of individuals for the year totals are less than the sum of the number of individuals from each quarter as some have taken payments in multiple quarters.

4. Quarterly figures may not sum to total due to rounding.
